*Kindly forward our message to the person(s) responsible for your outgoing exchange students to EPFL and inform us if you are not the appropriate person so that we can update our database.*

Dear Partner,

Our application procedure for the incoming exchange students to EPFL during 2019-20 is now available. Please find the main information in the attached fact sheet and take note of the additional information below.

### Nomination

- We kindly remind you to select your students according to the field of studies and number of spots in the agreement.
- Students doing a research project/final thesis in the frame of our SEMP agreement need to be nominated within the deadlines.
- Exchange students who were nominated initially for one semester and wish to extend their exchange need to be nominated again.
- **NEW:** the nomination and application deadline for exchanges in the Spring semester is now **October 15<sup>th</sup>**.
- Please provide your nominated students with our fact sheet.

### Academic

- **NEW:** Please note that some courses are not open to exchange students. The list of restricted course can be found [here](#).
- Students nominated in architecture need to be aware that the choice of studios and teaching units (UE) cannot be guaranteed. Specific information will be provided by the section in due time.

### Scholarships

The "Swiss-European Mobility Programme" (SEMP) will continue in 2019-20. The Swiss Government will grant the SEMP scholarships to incoming exchange students **who are nominated in the frame of the SEMP programme**. According to the country of your home university the scholarships are as follows :

- **380** CHF per month for students from countries : DK, FI, IS, IE, LI, LU, NO, SE, UK
- **440** CHF per month for students from countries : AT, BE, BG, CY, CZ, DE, EE, EL, ES, FR, HR, HU, IT, LT, LV, MK, MT, NL, PL, PT, RO, SI, SK, TR

We will pay scholarships equivalent to 5 months for 1 semester, and 10 months for one academic year. Students who will do a **research project/final thesis** in a lab and who have been nominated through our SEMP agreement within the deadlines will be granted a scholarship of maximum 5 months.

### **Accommodation**

As it is very difficult for students to find accommodation in Lausanne, we recommend that they start their search as soon as they have been nominated by you by using all the options on our [website](#).

### **New website**

We would like to inform you that we are in the process of migrating our website. As this takes some time, a few of the links indicated here lead to the new site and others are still in the old site. This is an ongoing process that we believe will improve our communication for you and your students, and we thank you in advance for your patience during the transition.

We look forward to welcoming your students during the academic year 2019-20!
