The simulation of tire properties in the entire vehicle development process is an important approach for future vehicle concepts and improved processes. This requires that the various properties, such as ride comfort and driving dynamics, are mapped with sufficient accuracy in the simulation. The latest findings will be presented at the 5th Dresden Tire Workshop, which addresses experts in research, development, management, manufacturing and education in order to discuss innovative approaches and perspectives.

At the Get-Together-Event in the evening of May, 2nd all participants are invited to have stimulating discussions in a relaxed atmosphere and to establish business relationships.

The event will be held in English according to the international composition of the group of participants.

**CHAIMEN**

- Prof. Dr.-Ing. habil. Michael Kaliske  
  Institute for Structural Analysis, TU Dresden

- Prof. Dr.-Ing. Günther Prokop  
  Institute for Automotive Technologies Dresden, TU Dresden

- Prof. Dr. rer. nat. habil. Gert Heinrich  
  Leibniz-Institute of Polymer Research Dresden e. V. und Institute for Materials Science, TU Dresden

**REGISTRATION DETAILS**

All payments must be made in Euro and in advance to the bank account:

**TU Dresden**  
Bank: Commerzbank AG, Filiale Dresden  
Account No.: 800 400 400  
BLZ: 850 400 00  
IBAN: DE5285040000800400400  
Swift: COBADEFF850  
Purpose: Kst. 602-1140901 and Name of Participant Tire Workshop

The Tire Workshop is a scientific event in the sense of §4 No. 22a UStG. Therefore, the registration fee does not include VAT.
REGISTRATION
for 5th Dresden Tire Workshop: Tire – Vehicle – Simulation
May 03, 2013

Please return by April 15, 2013.
Prize: 150,00 €
(contains coffee breaks, lunch and Get-Together-Event (GTE) on May 02, 2013 at 7 p.m. at Feldschlösschen Stammhaus - Budapester Straße 32, 01069 Dresden)
☐ paid in cash on site
☐ paid in advance via bank transfer
(Please see the bank account details at the back of this page.)
☐ Participation Get Together Event

For registration please fill in and fax the enclosed form or send an e-mail. Fees include coffee breaks, lunch and Get Together Event.

VENUE
Leibniz-Institut für Polymerforschung Dresden e. V. - IPF
Conference hall, 2nd floor
Hohe Straße 6, 01069 Dresden

HOW TO GET TO THE INSTITUTE?
See also the map of the area inside this brochure.
...by train
The institute is quite near the railway station Dresden-Hauptbahnhof. Leave the railway station to the right and follow “Bayrische Straße” and “Hohe Straße”.

...by airplane
Take the suburban train to Dresden-Hauptbahnhof (duration about 25 minutes, departures every 30 minutes). Leave the railway station to the right and follow “Bayrische Straße” and “Hohe Straße”.
