

## Instructions for using the student portal "SELMA" - "Student results"

- Link to the portal: <https://selma.tu-dresden.de>
- Login: ZIH-Login (with associated password)
- contact address: [studienbuero.bu@mailbox.tu-dresden.de](mailto:studienbuero.bu@mailbox.tu-dresden.de)

The screenshot shows the SELMA student portal interface. At the top left is the TU Dresden logo. A navigation bar contains links for 'WELCOME', 'FORGOT YOUR PASSWORD?', and 'BEWERBEN AN DER TUD'. The language is set to 'Deutsch'. The main content area is titled 'Welcome to TU Dresden's student portal' and contains several sections:

- TU Dresden students**: ...are able to log in with their ZIH login and password in order to use various functions. A **change of programme or major** at TU Dresden can be requested via the menu item [my data] and [change of programme]. At the moment, **registrations for exams** and **withdrawals from exams** as well as printouts of exam confirmations can still be requested in the [HIS portal](#).
- Applicants and students wishing to transfer to TU Dresden from another university**: ...please select the menu item [applying to TU Dresden]
- Newly enrolled students**: Before being able to log into the student portal, you first have to change your initial password in the [IDM-Portal](#). If, two hours after changing the password, you still cannot log into the student portal, please contact the [ZIH-Service-Desk](#).

At the bottom, it says: **Do you have any questions?** Please contact the [ServiceCenterStudium](#). The portal is still under construction/ pilot operation and will constantly be enhanced with various functions. If you would like to learn more about the implementation of an integrated Student-Lifecycle-Management-System (SLM), you can find additional information here: [Projekt TUDo-SLM](#).

On the right side, there is a 'selma' logo and a login form with fields for 'Username' and 'Password', and a 'Login' button. The login form is highlighted with a red border.

At the bottom of the page, there are links for 'Imprint', 'Privacy', and 'Print', and a 'top of page' link.

- switch to language „English“

### M1402-ACO01 Building Materials (WiSe 2014/15)

[Redacted]

Attempt	Exam	Date	Grade	External accepted
Attempt 1				<a href="#">g</a>
Final module requirements				
WiSe 2014/15	Klausurarbeit Baustoffe (1)	04.03.2015	4,0	<a href="#">g</a>
Total 1			4,0 bestanden	

#### Voluntary area

Course no.	Course name	Course offering name	Active attendance
K1402-001001V	Building Materials (V)		
K1402-001001Ü	Building Materials (Ü)		

In the new system the following can occur and cannot be technically prevented:

- Prerequisites for examinations and/or examinations, which are normally non-graded, are indicated as grade "1,0" or "5,0". This is not a content error, but a system representation problem.
- Grades are marked with one or two decimal places. Again, this is only a representation problem. In the calculation the overall averages are correct.
