

M. Sc. Yesmine Trigui

Email: yesmine.trigui@tu-dresden.de

Research focus

- Paleoclimate and environment
- Biogeochemistry
- Biomarkers
- Stable isotopes

curriculum vitae

Since 10.2017	Scientific assistant Dresden university of Technology, Faculty of Environmental Sciences. Chair of Landscape Ecology. PhD Thesis entitled: <i>Reconstruction of Quaternary Environmental and Climatic changes in the Caucasian region based on lipids -biomarkers analysis on loess-paleosol sequences</i>
11.2015-09.2017	Scholarship from Daad (Deutscher Akademischer Austauschdienst) Technical University of Dresden (TUD), Geography Institute.
09.2010 - 06.2013	Engineer diploma in Geosciences Specialization: Environment and Natural Resources Management (Final grade: Good) National School of engineers of Sfax/Tunisia (ENIS)
06. 2010	National Entrance examination for admission to Graduate Training of Engineers (Final Grade: Very good) Specialization: Biology & Geology
09.2008 - 06.2010	Intensive advanced courses in Biology, Geology, Chemistry, Physic and Mathematics Preparatory Institute for Engineering studies of Sfax/Tunisia(IPEIS)
09.2004-06.2008	Baccalaureate diploma in Experimental Science (Final Grade :Good)
1989	born in Sfax, Tunesia

Conferences

The Loess deposits of the Matmata Plateau: origin via heavy minerals analysis [2015]: Leipziger Staubtag / Programme 2nd Leipziger workshop on mineral dust (Poster)
