

**Third statute
for the Amendment of the Study Regulations
for the consecutive Master's degree program Hydro Science and
Engineering**

as of September 15, 2020

On the basis of § 36 para. 1 of the Act on the Autonomy of Institutions of Higher Education in the Free State of Saxony in the version published on January 15, 2013 (SächsGVBl. p. 3) Technische Universität Dresden issues the following amending statutes:

**Article 1
Amendment of the Study Regulations**

The Study Regulations for the consecutive Master's Degree Program Hydro Science and Engineering of February 14, 2017 (Official Announcement of TU Dresden No. 02/2017 of February 23, 2017, p. 2), amended most recently by the statutes of December 17, 2019 (Official Announcements 03/2020 of March 06, 2020, p. 4) are amended as follows:

1. § 6 paragraph 2 is formulated in the following way:

"(2) The degree program is divided into a one-semester fundamental course and a three-semester advanced course. The fundamental course comprises two compulsory modules and four elective compulsory modules. (2) The advanced course comprises a compulsory module and an elective compulsory module with a total of 50 credits, which allows the student to choose their focus, as well as a master's thesis including colloquium. The choice of elective compulsory modules as part of the fundamental course and the advanced course is binding. Re-selection is possible, however - the student must submit a written application to the Examination Office stating the module to be replaced and the newly selected module."

2. In § 7 para 2, the words "if the student has a more scientific background" and the words "if the student has a more engineering background" shall be deleted.

3. In attachment 1, in the module descriptions of the modules Soils (Bodenkunde), Geodesy (Geodäsie), Hydromechanics (Hydromechanik), Hydraulic Engineering (Wasserbau), Ecology (Ökologie) as well as Hydrochemistry (Hydrochemie), the applicability shall be amended to read as follows: "The module is one of three elective compulsory modules in the Master's Degree Program Hydro Science and Engineering, two of which must be chosen."

4. Attachment 2 is amended as follows:

a) The lines between the headings "fundamental course" and "advanced course" shall be worded in the following way:

"Compulsory module						
MHSE 01	Statistics	2/1/0/0/0/ 0 0/1				5
MHSE 02	Climatology and Hydrology	4/0/0/0/0/ 0 0/2				5

Elective compulsory module						
MHSE 04	Soils	2/0/0/1/0/ 0 0/1				5
MHSE 07	Ecology	2/1/0/1/0/ 0 0/2				5
MHSE 08 ^a	Hydrochemistry	2/0/0/1/0/ 0 1/1				5
MHSE 03	Geodesy	2/1/0/0/0/ 0 0/1				5
MHSE 05	Hydromechanics	2/1/0/0/0/ 0 0/1				5
MHSE 06 ^b	Hydraulic Engineering	2/1/0/1/0/ 0 1/1				5 "

b) The following words shall be added to the key:

„^{a, b} alternatively (2 of 3), depending on the students' choice“

Article 2

Entry into Force, Publication, and Interim Arrangements

(1) This statute amendment shall enter into force on the day following its publication in the Official Announcements of TU Dresden.

(2) The announcements apply to all students enrolled in the Master's program Hydro Science and Engineering in the 2020/2021 winter semester or later.

(3) For students who enrolled earlier than in the 2020/2021 winter semester, the version of the Study Regulations for the consecutive Master's degree program Hydro Science and Engineering that has been valid for them up until the amendment continues to apply unless they declare their acceptance of the amendment in writing. The form and deadline of this declaration are specified by the Examination Committee and announced as is customary at the Faculty.

Issued based on the resolution of the Faculty Board of the Faculty of Environmental Sciences as of August 31, 2020, and the approval of the University Executive Board as of September 08, 2020.

Dresden, September 15, 2020

The Rector
of Technische Universität Dresden

Prof. Dr. Ursula M. Staudinger
