Attention: This is a legally non-binding reading copy of the study schedule based on the study schedule of the official announcements of the TU Dresden and the resolutions of the Faculty Council regarding module changes. Status: 2024-01-15.

\*<sup>0</sup> At best, a compulsory subject should be taken in the 1st semester, the specialization based on it should be taken in the 2nd semester, and another compulsory subject should be taken in the 3rd semester, the specialization based on it should be taken in the 4th semester.

\*<sup>1</sup> In the module group Specializations two specializations out of five have to be chosen. One specialization is to be taken in the 2nd semester and another in the 4th semester.

\*<sup>2</sup> Modules of the elective compulsory area of the module group Research Papers, one of which must be chosen depending on the chosen specialization according to § 26 paragraph 3 Examination Regulations.

\*<sup>3</sup> From the module group Supplements, modules amounting to 30 credit points must be selected from the listed elective modules. A maximum of 10 credit points can be selected from the area of Foreign Language Communication and a maximum of 5 credit points from the area of Additional General Qualification.

\*<sup>4</sup> The module cannot be taken if it has already been selected in the module group Specializations.

\*<sup>5</sup> The module takes place irregularly, at least once every three academic years according to the module description.

\*<sup>6</sup> The language module(s) is/are chosen according to the student's previous knowledge. Further language modules based on this can be taken in the following semesters (summer and winter semesters) accordingly (see Study Regulations Annex 1: Module Descriptions).

\*<sup>7</sup> At least 2 SWS of the student's choice from the "Additional General Qualifications for Transportation Economists" course.

\*<sup>8</sup> The module lasts one to two semesters depending on the student's choice.
