

BOSCH

Internship 2023/2024, Project Management Support (HmjP/PJ-GI)

500/92 Moo 3, T. Tasith, Pluak Daeng, Hemaraj Eastern Seaboard Industrial Estate, Rayong, Thailand
Intern

Legal Entity: Robert Bosch Automotive Technologies (Thailand) Co., Ltd.

Company Description

Do you want beneficial technologies being shaped by your ideas? Whether in the area of mobility solutions, consumer goods, industrial technology of energy and building technology – with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

This site is the integral manufacturing plant and R&D Center. It is the first smart factory in Thailand. It will enable us to respond to growing automobile production in Thailand and to serve international as well as local automotive customers on the spot. The supplier of technology and services is focusing heavily on connected manufacturing at the factory.

Manufacturing Plant: The Company is constructing its first plant of the manufacturing of gasoline injection systems in Thailand. It is capable of production 1 million fuel injector units every year. With the new fuel injector plant we are able to meet the increasing demand of our customers in the region.

R&D Center: The R&D office and laboratory are located on same site as production. In order to have dedicated laboratory accommodating automotive specific machine and equipment such as fuel testing benches and Noise, Vibration, Harshness chambers.
