The Ifo Institute, Dresden Branch, and the Technische Universität Dresden are pleased to announce the 7th Ifo Dresden Workshop on Labor Economics and Social Policy. The workshop aims to facilitate the networking of young scientists and to promote the exchange of their latest research across the range of labor economics, social policy, education economics, demography and migration. Policy relevant contributions, either theoretical or applied, are highly welcome. We particularly encourage PhD students to submit their latest research.

Each paper will be allocated 45 minutes, to be divided between the presentation, a discussion by an assigned workshop participant and general discussion.

There is no workshop fee, but participants have to cover their own expenses for travelling, accommodation and the joint informal dinner on March 23rd.

Submissions:

Please submit your (preliminary) paper by January 15, 2017, via [the workshop website](#). Acceptance decisions will be announced at the beginning of February.

We look forward to seeing you in Dresden.
