The Ifo Institute, Dresden Branch, and the Technische Universität Braunschweig are pleased to announce the 6<sup>th</sup> Ifo Dresden Workshop on Regional Economics. The workshop aims at facilitating the networking of young scientists and at promoting the exchange of their latest research across the range of regional economics, persistency in regional inequality, regional structural change and growth-enhancing regional policies. Policy relevant contributions, either theoretical or applied, are highly welcome. We particularly encourage PhD students to submit their latest research.

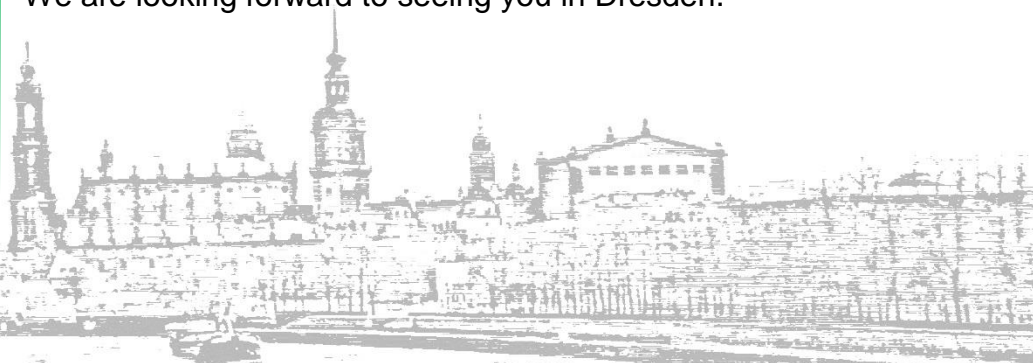

Each paper will be allocated 45 minutes, to be divided between the presentation, a short discussion by an assigned workshop participant and a general discussion.

There is no workshop fee, but participants have to cover their own expenses for travelling, accommodation and the joint informal dinner on September 15<sup>th</sup>.

### Submissions:

Please submit your (preliminary) paper by July 31, 2016, via [the workshop website](#). Acceptance decisions will be announced at the beginning of August.

We are looking forward to seeing you in Dresden.
