Transfer of grades between our institutions

Dear colleague,

as the grading systems of our institutions are distinctly different (German grades with precision scaling ranging from 1,0 (outstanding), 1,3, 1,7,, to 5,0 (failed)) we are looking for best practice to enable our students a realistic transfer of grades obtained at your institution.

Therefore, we would kindly ask you to provide a percentage evaluation of the student's performance as proposed in the appendix.

Many thanks for your efforts and best regards

Prof. Dr. Bernhard Schipp
Head of International Relations
