

Schedule Regenerative Biology and Medicine - winter semester 2024/25

1st semester
07-11.10: Introduction Week
24.02-07.03: module block B4

TBA -> January 2025 - Lab practicals	
W1	Electron Microscopy
W2	Cell Separation, Isolation and Analysis
W3	Techniques to Modify Gene Expression

time	Monday	Tuesday	Wednesday	Thursday	Friday
09:20 - 10:50	Lecture: Stem Cells, Development and Regeneration (Hans) room: audi left	Lecture: Quantitative Biology (Kempermann) room: audi left	Lecture: Stem Cells, Development and Regeneration (Hans) room: audi left	Tutorial: Stem Cells, Development and Regeneration (Hans) room: audi left	
11:10 - 12:40	Seminar: Stem Cells, Development and Regeneration (Hans) room: audi left	Exercise: Quantitative Biology/ R Course (Garthe) room: audi left	Seminar: Scientific Working Methods and Conduct (Bonifacio) room: audi left		
				13:00-14:00 OPTIONAL CMCB Life Sciences Seminars CRTD auditorium	16:00-17:00 OPTIONAL PhD/Postdoc Seminar CRTD auditorium

Exam Period: mid-late February
