## Abstract

### Abstract submission

*We kindly ask you to upload your abstract here.*

 Abstract submission (upload)

 Template for summary of research project

In order to plan the different working sessions (plenary session, workshop, keynotes, group work, etc.) we need to know what will be your presentation about (20 minutes for PhD students). We kindly ask you to upload a one or two pages summary using the attached template. Please, pay attention to all the requested elements and consider this exercise as much important as the submission of a paper to a conference.

## Posters

### Poster presentations

*Here you'll find some information about the poster presentations.*

Participants of the Summer School are expected to prepare a poster showcasing their main research questions, methodology, and findings concerning the subject of research.

Each participant will have 15 minutes to present his/her poster in a session.

**poster sizes** should be either in A1 or A2 format:

- size **A1** (59.4 x 84.1 cm or 23.39 x 33.11 inches)
- or
- **A2** (42.0 x 59.4 cm or 16.53 x 23.39 inches)

**Please make sure you bring the printed / plotted poster with you to the Summer School 2016.  
(you don't have to upload your poster!)**

 additional INFO: "How to create a Research Poster"

 INFO: Create your poster using PowerPoint
