

**Intensive Proposal Workshop for Advanced Researchers to Apply for
Marie Skłodowska-Curie Individual Fellowships at TU Dresden
09th – 11th June 2020**

Information for applicants

Marie Skłodowska-Curie Individual Fellowships

Marie Skłodowska-Curie Individual Fellowships support researchers from any research area and from anywhere in the world by funding a research project at a European host institution for a duration of 1-3 years. The choice of topic is open to all fields of research. The application must be made jointly with TUD and has fixed call deadlines. Further details on the funding programme are given [here](#).

Aims and Rules

The aim of the workshop is to attract suitable candidates to apply together with a Professor or group leader at TUD for a Marie Skłodowska-Curie Individual Fellowship. Potential applicants have to be in possession of a doctoral degree or must have 4 years of research experience. Moreover, researchers must not have resided in Germany for more than 12 months in the last 3 years. The workshop will be held at TUD.

Details on the Workshop (09th – 11th June 2020)

- Proposal writing clinic (3 days):

- Learn basic principles and key aspects of the funding programme
- Discuss common pitfalls with researchers, evaluators and successful fellows
- Get to know key infrastructures and services at TU Dresden regarding soft skill acquisition, open access services and welcome culture

- Meet your supervisor:

- Meet your future supervising researcher and her/his group
- Get to know key facilities you need to conduct your research project
- Define the basic research objectives and sketch out sections of the proposal

Funding

- Applicants will get a fixed lump sum to cover their travel costs according to the [DAAD regulations](#)
- No participation fee will be claimed.

Application

- Please send the filled project template and a short scientific CV (2-3 pages) to epc@tu-dresden.de until **10th April 2020**.
- Applicants will be informed about the evaluation outcome until 8th May 2020.
