

Information about the final report

Maria Reiche Programme to support academic careers of postdoctoral early-career female scientists

Pursuant to the regulations of the Maria Reiche Programme, the candidates who receive funding are obliged to write a final report by the end of the funding period. Please submit your written report not later than three months after the funding period has ended to:

— TU Dresden
Stabsstelle Diversity Management
Beauftragte für Diversity Management
D-01062 Dresden

Please make sure that the final report is not longer than five pages and explicitly answers the following questions:

-
- Which of the tasks described in the application have been completed so far? If applicable, please give reasons why planned tasks have not been completed.
 - Which of the objectives described in the application have been fulfilled so far? If applicable, please give reasons why objectives described have not been achieved.
 - When and to which funding body did you submit the planned external funding application? Have you got any feedback on your application from the funding body? If yes, what did it say?
 - Please list the publications (title, publication medium, date of publication), presentations at conferences (name and date of the event, title of the lecture or presentation) you produced during the funding period?
 - What are your career plans when the funding from the Maria Reiche Programme ends?

The regulations of the Maria Reiche Programme to support academic careers of postdoctoral early-career female scientists of TU Dresden (as amended on 03 June 2016) can be downloaded at:
