

EUTOPIA SCIENCE FAIR 2022

HYBRID EXHIBITION

LJUBLJANA, NOVEMBER 21-25 2022

www.eutopia-university.eu

University of Ljubljana

Science Fairs are one of the ways EUTOPIA chose to display the variety and the quality of its research. EUTOPIA Science Fairs are organised as virtual exhibitions of Research Posters.

For the Science Fair 2022, 10 researchers coming from the 10 EUTOPIA universities will meet in Ljubljana for the EUTOPIA Week (21-25 November 2022) and pitch in 10-minutes their work in front of the public in two “Science Slam” sessions organised by *Znanost na cesti* (Science on the streets), who will previously train the 10 candidates to the format of the Science slam event. The preparation lasts 3 weeks, with several hours of training each week (no more than 12).

WHO

- The Science Fair intends to show the projects developed by young researchers pursuing PhD or post-doctoral research, from all over EUTOPIA.

WHAT

- A hybrid exhibition displayed in Ljubljana during the EUTOPIA Week, and on EUTOPIA's website. The Science Fair is open to all research areas, without restrictions.
- Researchers are required to send 3 elements for the exhibition: a poster + an abstract of the research + a short video, all in English.
- 65 research posters: 5 per university + posters from another project linked to EUTOPIA.
- Poster: A1 (59.4 x 84.1 cm) oriented as Portrait =>  <= in pdf file.
- Abstracts: 350-400 words.
- Videos: the core issues or a remarkable element of the research topic; length: 3 minutes; .mp4 file; format: 16:9; quality: 1080 p.

NB: At the end of the EUTOPIA Week, each university will be allowed to take their printed posters back to their campus.

WHEN

- Deadline for receiving the materials: 20 October 2022.
- Exhibition: 21-25 November 2022.

WHY

- Why participate? EUTOPIA European University opens international horizons of research for researchers as well as academicians. It offers new research perspectives and helps expand your work beyond borders. The Science Fair is also an opportunity to display your work in an inter-cultural and integrated community of universities and researchers.

CONTACTS

- Armando Uribe-Echeverria, Head of Communications, EUTOPIA, armando.uribe-echeverria@cyu.fr
- Renu Elza Varkey, Communications Officer, EUTOPIA, renu-elza.varkey@cyu.fr
- Thomas T'Joel, Communications Officer, EUTOPIA, thomas.tjoel@cyu.fr

TIMELINE

01
STEP

Reach the ten EUTOPIA universities and explore the faculties for Research Posters.

31
AUG

02
STEP

Reminder to all concerned persons

29
SEPT

03
STEP

Deadline for receiving all the materials (posters, abstracts, videos)

20
OCT

04
STEP

Inauguration of the second EUTOPIA Science Fair

21
NOV

The EUTOPIA alliance brings together ten European Universities aiming to become an open, multicultural, confederated operation of connected campuses. The two EUTOPIA main programmes —“EUTOPIA-2050” and “EUTOPIA MORE” — were among the first to be awarded in 2019 and 2022 by the European Commission to build a European Higher Education Area.
