In order to be eligible for a project application, you have to fulfill the following requirements:

- The project application has to be a joint request.
- A cooperation between the working groups has to exist already (demonstrated by, e.g. first contact initiation, joint publications, cooperation agreements)
- At least one early career researcher from each working group must be involved in the project. Level and type of participation may vary depending on the individual needs.
- At least one doctoral candidate or postdoc of TU Dresden has to be involved in the project as a main applying contact and has to travel.
