**V Further involved early career researchers of the working groups  
(doctoral candidate / postdoc)**

Title	
First name & last name	
Affiliation <input type="checkbox"/> TU Dresden <input type="checkbox"/> Working group abroad	<input type="checkbox"/> TU Dresden <input type="checkbox"/> Working group abroad
Status <input type="checkbox"/> PhD candidate since <input type="checkbox"/> Postdoc since	<input type="checkbox"/> PhD candidate since <input type="checkbox"/> Postdoc since
File number of GA membership (if TUD)	
Email	

**VI Brief description of the collaboration between the working groups to date: incl. date of the first contact/collaboration, joint publications, co-operation agreements etc.**

(max. 1,500 characters)

## VII Details of the requested Lab2Lab

a) Data on funding

Requested start of funding

---

Requested end of funding (max. 2026/09/30)

---

Requested amount of funding

---

b) Brief description of the project within Lab2Lab

Title of joint project

*(max. 1,500 characters)*

**Please note:**

A project description of no more than five pages, including a work plan and time schedule for the funding period applied for, must be submitted with the application documents. In the project description, the involvement of at least one early career researcher from each working group in the project should be specifically described, although the type of participation may vary from person to person.

A detailed plan of measures and costs must also be submitted. Please use the corresponding template from the website.

- c) Description of the objectives within Lab2Lab: What concrete results are aimed for and what prospects are expected for future collaboration? How are the early career researchers of the participating working groups (TUD & Working group abroad) specifically involved in the Lab2Lab project in order to benefit optimally from the expertise of the respective host institution?

*(max. 1,500 characters)*

- d) How do you intend to cover additional costs which may occur and cannot be covered by the Lab2Lab grant of the Graduate Academy? Have you applied for further / alternative funding for the project?

*(max. 1,000 characters)*

## Checklist of application documents to be submitted

- Scientific CV per project member (TUD & working group abroad) including
  - scientific background
  - brief description of the research or doctoral focus
  - selected publications
  
- Description of the project (max. 5 pages) including
  - particular description of the project participation of at least one early career researcher from each working group (TUD & Working group abroad), whereby the type of participation may vary individually
  - work plan and time schedule for the funding period applied for
  
- Detailed overview of measures and costs\* per calendar year for all short research stays and/or working group meetings applied for including
  - name of travelling researchers
  - specific travel periods
  - calculated expenses (=applied funds)

*\*Template available online as a download on the GA programme website*
  
- Confirmation letter from the international working group about the project collaboration

## Information on data protection

The applicant parties agree to the data collected in the context of the grant application for the purpose of receiving, processing, coordinating and deciding on applications for mobility and network grants.
