

MARIA REICHE POSTDOCTORAL FELLOWSHIPS

Annex to the online application form

Please enclose the completed and signed annex to the online application form with your application documents. The application has to be submitted only electronically, **within the deadline until May 15th, 2025** and as one PDF (exception: Letters of Recommendation) via e-mail to **graduertenakademie@tu-dresden.de** with the subject “Maria Reiche Postdoctoral Fellowships”.

I Personal Details

Titel

Last name

First name

Date of birth

E-mail

II Abstract of the doctoral thesis or abstract of the current research project.
(max. 1,000 characters)

III Planned application for a third-party funded project at an external funding institution

- a. Please describe in what extent the planned proposal for an third-party funded project is based on your current research and will develop it in the future. *(max. 1,000 characters)*

- b. To which funding institution or for which program do you intend to submit an application for third-party funding? Please state your reasons for your choice. *(max. 1,000 characters)*

Please note: A detailed description of your proposed application for a third-party funded project to an external funding institution in accordance with the program announcement, including work plan and schedule for the requested funding period (max. 4 pages), must be submitted with the application documents.

IV Presentation and analysis of the status of your academic career to date and outlook of your academic career goals

- a. Please explain your career goals, considering your strengths and weaknesses (e.g. with regard to publications, third-party funding, teaching, lectures, experience abroad).
(max. 1,000 characters)

- b. Please describe your future academic development plan. In addition, please answer the question how funding within the Maria Reiche Postdoctoral Fellowships can contribute to the development of your independent research profile? *(max. 1,500 characters)*

- c. Which additional measures and activities do you specifically plan to develop and sharpen your own scientific profile in the context of the Maria Reiche Starter Kits? *(max. 1,500 characters)*

Please note: A calculation overview has to be submitted when applying for a Maria Reiche Starter Kit. A positioning of the requested measures in the schedule and work plan to be submitted is required.

- d. How will you cover any additional costs that may arise that are not (or cannot be) funded by the Maria Reiche Starter Kit? Have you applied for financial support from other sources for the accompanying measures and activities to develop and sharpen your own scientific profile, or do you intend to apply for funding from other sources? *(max. 500 characters)*
