

Ph.D. Curriculum

The international Ph.D.s work is based on a weekly schedule to assist the Ph.D. candidates developing their research. The following programme is indicative for the 1st period. Goal is the submission of the research plan (expose) at the departments' Ph.D. committee.

- 1st week: welcome / organisational issues (reading: Issing & Klimsa)
- 2nd week: personal research interests (reading?)
- 3rd week: individual education background
- 4th week: the research at MDC / BT
- 5th week: Ph.D. colloquium (28.02.007)
- 6th week: structure of education in Germany
- 7th week: structure of the research plan I (expose)
- 8th week: structure of the research plan II (expose)
- 9th week: role and structure of the Ph.D. seminar at MDC
- 10th week: completion of the ph.d. registration
- 11th week: Ph.D. colloquium
- 12th week: practical / administrative issues
- 13th week: lunch session
- 14th week: bibliographical work / reading instructions
- 15th week: Ph.D. colloquium
- 16th week: publications/visibility of TUD research
