

**Confirmation of the extension of the submission deadline
for a term paper/written piece of work
(Does not apply to Bachelor's, Master's or *Diplom* theses!)**

The extension granted by the examiner should not exceed four weeks. If this is not sufficient due to serious problems, e.g. longer absences resulting from illness or similar, a justified application must be submitted to the Examination Committee via the Examination Office, with supporting documents, if applicable.

This form needs to be fully filled and signed by the examiner. It must be submitted to the Examination Office **by September 30** (for examinations in the summer semester) **or March 31** (for examinations in the winter semester) **at the latest.**

Last Name	
First name	
Enrollment number	
Degree program	

I have agreed with the examiner to extend the deadline for the following examined assessment:

Module name	Examiner	New submission deadline	Signature of the examiner

Dresden,

Signature of the student
