

You struggle to stay on top of your studies because no one has precisely your combination or order of courses?

You study more than one subject and have difficulties in creating a new lesson plan every semester?

You would like to get more organised in managing your university material, but you don't know how?

Then this course will be perfect for you:

NOTION FOR BEGINNERS

With the program Notion, I've created a template especially for managing one's studies - 100% customisable for your combination of courses and your particular needs. In this course, you will

- learn how to work with this program,
- how to put in your study information and
- how to gain back control over your studies in no time.

Interested?

THEN SIGN UP FOR THE COURSE VIA OPAL AND FILL IN YOUR BEST TIME SPACES IN THE DOODLE CALENDAR. I'M LOOKING FORWARD TO MEETING YOU.

IT DOES NOT MATTER WHETHER YOU ALREADY WORKED WITH NOTION OR CONSIDER YOURSELF TECHNICALLY INCOMPETENT - NOTION IS VERY INTUITIVE.
