

**Privacy and consent statement for the registration to the conference
“Automated texts In the ROMance languages” (Ai-ROM), September 2023**

Purpose

The data is collected for the registration of the participants of the conference in order to be able to limit the number of participants, if necessary, in accordance with the space restrictions at the venue and in order to be able to provide digital participants with the access data to an online meeting tool. Responsible is:

Prof. Dr. Anna-Maria De Cesare Greenwald
Technische Universität Dresden
Chair of Romance Linguistics (Italian/French)
01069 Dresden
anna-maria.de_cesare_greenwald@tu-dresden.de

Data processing

The data will be stored on the servers of the TU Dresden until the end of the conference. On their basis, a signature list will be created on paper. An email distributor will be created from the email addresses in order to provide the digital participants with the necessary access data.

Voluntariness and revocation

The information provided is voluntary. This consent can be revoked at any time. In case of refusal of consent or revocation, access to the venue may be denied due to overcrowding, and access data to the stream will not be provided. Data subjects may request immediate deletion of the data.

Data transmission

Unless otherwise stipulated by law or you have expressly consented in individual cases, no personal data will be transferred to third parties.

Storage period

The data will be stored until 29.9.2023 and then deleted.

Right to information

I am aware that I may at any time request information on the data processed concerning me and on the possible recipients of these data to whom they have been communicated, and that I am entitled to a reply within the time limit of one month following receipt of the request for information.

Data protection officer and supervisory authority for data protection

I am aware that I can contact the data protection officer of TU Dresden¹ as well as the responsible supervisory authority² for data protection at any time.
