

Only for students at IHI Zittau

Information on re-registration / Purchase of the semester ticket after completed re-registration

Re-registration for the summer semester: 15th January - 5th March

Re-registration for the winter semester: 1st July - 5th September

You need to re-register for each semester. Re-registration is done exclusively via bank transfer. Re-registration is completed as soon as your semester fee has been credited to the account of TU Dresden. Therefore, please transfer the fee in good time. Bank processing takes approximately 14 days. You can print or download your current semester certificates via the student portal on our homepage www.tu-dresden.de/ihz-zittau approximately 14 days after your bank transfer. As of this day, you can hand in your student identity card to the Student Office to *update its validity*, or you may validate it yourself in House I of the University in Zittau/Görlitz.

If you do not receive the up-to-date certificates, it means there have been problems with your re-registration. This can be due to incomplete payments, bank transfer errors, or the re-registration being blocked by the student administration.

If this is the case, please contact:
