

5th - 9th September 2022

Call for Travel Grant - Dresden International Summer School on Haptics and Cognitive Robotics [HAPCOR]

<https://tu-dresden.de/ing/elektrotechnik/ias/aha/summer-school-haptics-and-cognitive-robotics>

You are a **Master Student**, **PhD student** or **Postdoc researcher**? Then apply for the Dresden International Summer School on Haptics and Cognitive Robotics!

- Application Deadline: **August 1, 2022**

If you have questions or require further information, please contact ercan.altinsoy@tu-dresden.de. The entire Summer School will be held **in English**, so adequate English skills are required. German applicants are of course also very welcome.

Applications should include a **cover letter** and your **CV**. To provide a short perspective on your expertise on the topic, you can also include **evidence of your prior work experiences** (e.g. a link to your online portfolio or corporate/university website), a list of **selected publications**, and relevant **certificates**. All documents should be in PDF format and their combined size should not exceed 15 MB.

Besides an interesting week, we also offer all participants basic **financial support** involving free accommodation and travel allowance up to several hundred Euros (depending on individual travel costs). The number of persons, who will get a financial support for in-person participation, is limited. Other applicants will get the opportunity for online participation.
