

# SPIE Student Chapter lecture series: Dr. Bogdan Voisiat

24<sup>th</sup> November 2020

Bogdan Voisiat on

“Laser interference for fast and accurate material surface patterning”

@ 5 p.m.

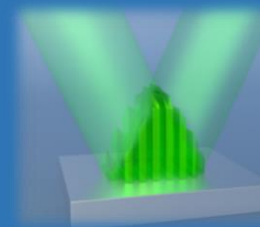

At BigBlueButton Video Conference

Participants with ZIH login can reach the room via the following link:  
<https://selfservice.zih.tu-dresden.de/l/link.php?m=49304&p=6bbe8259>

Participants without university login can reach the room via the following link:
