

INTERNSHIP (M/F) BUSINESS TECHNOLOGY AND EXCELLENCE

DRESDEN

Through analysis and commissioning of service processes and services, we ensure the smooth operation of the IT infrastructure of our customers and within the T-Systems Multimedia Solutions. We use our in-depth know-how in dealing with hardware, networks, databases and business-critical applications.

YOUR TASKS

- support for Windows or MAC clients
- working with virtualization technologies like VMware ESX
- support for development tools like Jira, Confluence, SharePoint or TFS
- Windows based technical administration

YOUR PROFILE

- study of computer science, business informatics or similar education
- experience and interest in IT – administration
- very good English skills in speech and writing
- ideally basic German skills

Personally you convince as a motivated, reliable team player and as a competent partner for our prestigious customers. Your way of working is characterized by high analytical expertise for solution approaches and customer orientation. You enjoy the training in new and innovative technologies. To get the most of your internship period it should last at least 6 months.

YOUR CHANCE

If you are looking for new challenges, varied projects and responsibilities, then contact us specifying the password "internship_BT&E" with your comprehensive application including the completed application form to jobs@t-systems-mms.com.

T-SYSTEMS MULTIMEDIA SOLUTIONS

offers challenging and interesting tasks and with motivated and creative employees a pleasant working environment in an open corporate culture. We create the best conditions for your career in the digital business and social ecosystem with a flexible working time model, further training program, flat hierarchies and diverse, innovative topics.

Our aim is to reconcile professional fulfillment and family. Therefore we would like to encourage women to apply. Equality is an important issue for us, which is why we preferentially hire people with disabilities, if they are equally professionally qualified.

WE ARE LOOKING FORWARD FOR YOUR APPLICATION
