

# Join us for our Early Career Event in Hamburg Nov. 24th 2023

You are interested in topics like H2 & new energies,  
MBSE or sustainability?  
You have experience in IoT, AI, data analytics, software  
development or automation?

You would like to learn how these topics are connected  
to future aircraft and where you can bring in your ideas?

Then you should join us for our Early Career Event!

## What is in for you:

-  Valuable impressions on aviation and future projects
-  Networking with managers, experts and HR
-  One of three exciting places to tour at our production site in Hamburg
-  Get involved in a workshop around the headline "aircraft of the future"
