Stefan Odenbach
Dean of Studies Mechanical Engineering, Textile and Clothing Technology

Dresden, June 14, 2024

Dear students of the Faculty of Mechanical Engineering,

it's been a while since I wrote the last of these emails - a clear sign that this summer semester is going quietly. Since it's been a while since the last email, it's also clear that we're slowly approaching the end of the semester. And with the end of the semester comes a number of things that I would like to briefly inform you about:

- First of all, the **exam dates** can now be found in full with time and room at <https://tud.link/37cxu4>! This should make it much easier to plan the exam period.
- And if there are exam dates, then the **exam registrations** are not far away either: Registration for the **language exams** starts on **17.06.2024** and runs until 08.07.2024. **All other exam registrations** run from **24.06.2024** to 08.07.2024.
- Since there are always questions and uncertainties about exams and exam problems, formal aspects such as sick leave and certificates, deadlines and all the things that go with it, I will hold a big **information event for the whole mechanical engineering department** on 17.07.2024 at 16:40 in the HSZ/AUDI on all related questions! I would be delighted if we could fill the Audimax for this!

In the **Dean of Studies on Air**, this mail should then be available again at the weekend as a podcast at <https://spoti.fi/3rM07Tf> on Spotify or on Castbox via https://bit.ly/Studiendekan-On-AIR_castbox.

Now I wish you a sunny weekend,

Yours

Stefan Odenbach
