

**Information sheet for applying  
for a research scholarship under the DAAD Programme “Ukraine digital: Ensuring  
academic success in times of crisis, 2022”  
for the research stay at the German host univeristy**

**Funding period: August-December 2022**

The war against Ukraine has had a major devastating impact on the infrastructure of Ukraine's education and higher education system. In this time of crisis, German universities, also in collaboration with the DAAD, offer a comprehensive support to their Ukrainian partners in maintaining their virtual study programmes as well as the research processes. The offered scholarship aims to sustain and fulfil the research potential of highly skilled Ukrainian scientists, who had to leave Ukraine because of war and found their refuge in Germany. In this way, Ukrainian scientists will have a prospect of continuing their research work despite the limitations imposed by the war. The scholarships are offered for conducting a research stay at one of the German host universities participating in the programme. Research background and interests of the applicant shall correspond to the academic/scientific profile of the host university. The applicant will be involved in the research work at the host university, which would provide necessary facilities to conduct the research activities.

**FUNDING CONDITIONS**

- **Purpose:** The scholarship may be granted for conducting the research in accordance with academic/scientific profile of the host university
- **Target group:** Highly skilled Ukrainian scientists currently based in Germany
- **Scholarship amount:** between 2,000 EUR and 2,300 EUR per month depending on the academic qualification of the applicant (*i.e. postdoctoral researcher, experienced researcher comparable with habilitated doctor in Germany, professor or researcher in a comparable position*)
- **The funding period:** 01.08.2022–31.12.2022
- **Application deadline:** 31.07.2022

**GERMAN HOST UNIVERSITIES**

**Application may be submitted for conducting a research stay at one of the following universities:**

- Brandenburg University of Technology Cottbus - Senftenberg
- TU Dresden
- Esslingen University
- TU Bergakademie Freiberg
- Reutlingen University

**RESEARCH FIELDS OF GERMAN HOST UNIVERSITIES AVAILABLE FOR APPLICANTS**

Research fields	Environmental protection	Electrical engineering	Mechatronics	Mechanical engineering	Mining	Management	Informatics
Participating universities							
BTU Cottbus - Senftenberg	X			X		X	
TU Dresden	X	X		X		X	
Esslingen University		X		X			X
TU Bergakademie Freiberg	X				X		
Reutlingen University		X	X				

**APPLICATION PROCESS**

- All necessary application documents prepared in English are submitted digitally, merged in a single PDF, to the International Relations Office of the BTU Cottbus - Senftenberg per email: [internationaloffice@b-tu.de](mailto:internationaloffice@b-tu.de)
- Please indicate “Ukraine Digital research – scholarship application” as the email subject
- Each applicant can submit only one application and select only one host university
- Application deadline is up to and including 31.07.2022
- Late or incomplete applications cannot be considered

**REQUIRED APPLICATION DOCUMENTS**

- A filled and signed application form with an indication on the German host university, where the research stay is to be spent
- Tabular/scientific curriculum vitae (max. 2 pages)
- List of scientific publications
- Motivation letter (max. 2 pages)
- Current registration certificate from the registration office at the place of residence in Germany (*in German: Meldebescheinigung*)

#### **SELECTION CRITERIA**

- Scientific qualification of the applicant
- Relevance of the applicant's research background and interests to the academic/scientific profile of the selected host university
- Existing scientific relationship with the host university and experience in international cooperation
- Willingness to continue teaching at the home university in Ukraine in online mode
