Clinical Science

Key competencies

MITTS/H92, Seminar room^{Ground Floor}
4.30 pm

- 5th September What is Good Scientific Practice?
- 18th September Visualisations in medical publishing
- 6th November How to manage ethical approvals
- 4th December Figure out your funding

To pursue successful careers in translational research, scientific key competencies and a thriving network are as essential as methodological expertise. Dresden Biopolis' early career programs under the umbrella of the DSCS meet this need with the Clinical Science Key Competencies seminar series.

Get inspired by teaser talks of local experts and look forward to networking with peers!
