The Faculty of Medicine and the University Hospital Carl Gustav Carus at Technische Universität Dresden invite applications for the

Chair (W2) of Minimally Invasive and Robotic Surgery

to be filled at the earliest possible date.

The position is integrated in the Department of Visceral, Thoracic and Vascular Surgery and will head the respective clinical section as an attending physician.

You will represent and advance minimally invasive and robotic surgery in research, teaching and clinical care, in particular visceral surgery. According to the interdisciplinary character of modern surgery, we expect your close cooperation with the National Center for Tumor Diseases (NCT/UCC) and the other departments and institutes of the University Hospital, the Excellence Cluster – Centre for Tactile Internet with Human-in-the-Loop (CeTI) and the Else Kröner Fresenius Center (EKFZ) for Digital Health.

We are looking for a candidate with broad and long-standing expertise in minimally invasive and robotic surgery who is able to cover the major visceral surgical indications. Your surgical experience includes all aspects of open visceral surgery at a maximum care university institution. Your research focus lies in in visceral surgery including the development and conduction of clinical and translational research, especially in minimally invasive and robotic surgery, also demonstrated by national or international cooperation in trials or registries. We expect you to actively participate in the pre-existing structures and research topics of the Faculty of Medicine. We also expect your dedication to the Dresden model of problem-oriented teaching (DIPOL®) as well as your commitment in academic self-governance.

Prerequisites according to § 58 SächsHSFG include a university degree in medicine, a doctoral degree and a post-doctoral degree/habilitation or an equivalent qualification record, teaching experience and experience in acquiring external funding. Board certification for visceral surgery and additional training in special visceral surgery are required.

The Faculty of Medicine seeks to employ more women in leadership positions and strongly encourages qualified women to apply. We also welcome applications from qualified candidates with disabilities or those with additional support needs.

The employment of professors with medical tasks is carried out according to non-pay scale employment contracts with a basic remuneration and performance- and success-related remuneration components.

Please send your application by **January 23th 2022** in electronic form in a single PDF file or in hardcopy to **Dekan der Medizinischen Fakultät Carl Gustav Carus der Technischen Universität Dresden, Herrn Prof. Dr. med. Heinz Reichmann, Fetscherstr. 74, 01307 Dresden** (meddekan@mailbox.tu-dresden.de). For further details concerning the required application documents please see the homepage of the Faculty of Medicine or contact the dean`s office (Dr. Janetzky, +49 351-458-3356), the Equal Opportunities Officer of the Faculty of Medicine (Dr. Valtink, +49 351-458-6124) or the representative for persons with disabilities (Ms Vogelbusch, +49 351-458-12127).

TU Dresden understands diversity as culturally self-evident and a quality criterion of a university of excellence. Accordingly, we welcome all applicants who would like to commit themselves with their performance and personality to us and with us for the success of all. TU Dresden is strongly committed to the goal of a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate´s partner.
