The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of the Technische Universität Dresden are offering a position at January, 1st 2023 as a

Chair (W3) of Neurosurgery

(succession Prof. Dr. G. Schackert)

The Department for Neurosurgery at the University Hospital Dresden treats all diseases of the brain, spinal cord and peripheral nerves in a team of responsible experts and with the use of the most modern techniques at the highest international and current level. The outstanding scientific environment in Dresden as well as partners such as the National Centre for Tumor Diseases, the Comprehensive Cancer Centre/ Neuro-Oncological Centre, Neurovascular Centre and the University Comprehensive Spine Centre (UCSC) provide an excellent infrastructure for the positive development of Dresden University Medicine.

For further development of the top profile of our university neurosurgery department, we are looking for a personality with excellent clinical and scientific qualifications, who has an outstanding reputation in the clinic as well as in research and teaching and who will help shape the profile of our faculty in a forward-looking manner. We attach particular importance to your willingness to actively integrate into the existing research priorities, especially in the further development of the clinical-scientific and operative profile in the field of neuro-oncology, as well as in the neurovascular, neurosurgical intensive care and spinal areas. As a successful applicant you are prepared for active participation in the existing research networks (Collaborative Research Centres, Clinical Research Groups etc.), the close cooperation with the local partner location of the National Centre for Tumour Diseases and the institutions of the TU Dresden as well as non-university research institutions. We also hope that you will inspire our students and get involved in the Dresden model of problem-oriented learning and English language teaching. We also hope that you will support us in academic self-governance.

The employment of professors with medical tasks is carried out at the University Hospital Dresden in the scope of non-pay-scale employment contracts with a basic remuneration and a performance- and success-related compensation.

Prerequisites according to § 58 SächsHSFG include a university degree in medicine, a doctoral degree and a post-doctoral degree/habilitation or an equivalent qualification record. Board certification for neurosurgery is required. The position further requires providing teaching experience, a profound experience in conducting clinical and translational studies and records in third-party fund raising as well as competence in management and in leadership.

The Faculty of Medicine aspires to increase the number of women in research and teaching, and strongly encourages qualified women to apply for this position. We also welcome applications from scientists with disabilities.

Please send your application by August, 8th 2021 to the Dean of the Faculty of Medicine Carl Gustav Carus of the Technische Universität Dresden, Prof. Dr. med. H. Reichmann, Fetscherstraße 74, 01307 Dresden, Germany. For further details concerning the required application documents see the homepage of the Faculty of Medicine under jobs. For more information please contact the dean’s office (Dr. Janetzky, +49 351-458-3356), the equal opportunity officer Dr. Valtink (+49 351-458-6124) or the representative for disabled persons Ms Vogelbusch (+49 351-458-12127).

The Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate’s partner.
