The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of the Technische Universität Dresden are offering a position at earliest convenience as a

**Professor (W2) of Pediatrics, Pediatric Hematology and Oncology**  
(succession Prof. Dr. M. Suttorp)

The professorship will lead the division of pediatric hematology and oncology which is integrated in the Department of Pediatrics within the University Hospital Carl Gustav Carus Dresden. It is meant to strengthen the existing expertise in hematology and oncology of the Medical Faculty.

The prospective chairholder is supposed to represent the field of pediatric hematology and oncology in close collaboration with the Director of the Department of Pediatrics in research and teaching. The Medical Faculty emphasizes the expectation on the professorship to actively participate in the preexisting infrastructures and research topics of the Faculty of Medicine, especially in the field of hematology and oncology. Notably, the Medical Faculty envisages the prospective chairholder to participate actively on the various campus activities dedicated to cancer research, which encompass e.g. the University Cancer Center (UCC) / National Center of Tumor Diseases (NCT) as well as the German Consortium on Translational Cancer Research (DKTK), where the professor is expected to develop new therapeutic strategies for children and adolescents with malignant diseases. Particularly intensive collaboration is expected with the Department of Internal Medicine 1 i.a. to expand stem cell transplantation, as well as with the Department of Radiotherapy i.a. to further develop protontherapy for children. Close collaboration is also expected with the Center for Rare Diseases (USE).

Ideally you are also an inspiring teacher and we anticipate your dedication to the Dresdner model of problem-oriented teaching (DIPOL®) in German and in English language, as well as your commitment and support in academic self-governance.

The employment of professors with medical tasks is carried out at the University Hospital Dresden in the scope of non-pay-scale employment contracts with a basic remuneration and a performance- and success-related compensation.

Prerequisites according to § 58 SächsHSFG include a university degree in medicine, a doctoral degree and a post-doctoral degree/habilitation or an equivalent qualification record. Board certification for Pediatrics as well as for Pediatric Hematology and Oncology is required. The position further requires providing teaching experience, a long experience in conducting clinical and translational studies and records in third-party fund raising.

The Faculty of Medicine aspires to increase the number of women in research and teaching, and strongly encourages qualified women to apply for this position. We also welcome applications from scientists with disabilities.

Please send your application by June 2, 2017 to the Dean of the Faculty of Medicine Carl Gustav Carus of the Technische Universität Dresden, Prof. Dr. med. H. Reichmann, Fetscherstraße 74, 01307 Dresden, Germany. For further details concerning the required application documents see the homepage of the Faculty of Medicine under jobs. For more information please contact the dean’s office (Dr. Janetzky, +49 351-458 3356), the equal opportunity officer Dr. Valtink (+49 351-458-6124) or the representative for disabled persons Ms. Hillig (+49 351-458-3327).

The Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate’s partner.
