The Carl Gustav Carus Faculty of Medicine and Herzzentrum Dresden, Technische Universität Dresden are offering a position as a

**Professor (W2) of Cardiology with special focus on interventional therapy of structural heart disease**

and the position as deputy head of the Department of Internal Medicine and Cardiology to be appointed as soon as possible.

Herzzentrum Dresden is a University Competence Center in cardiovascular state-of-the-art medicine. It is responsible for advanced patient care, excellent clinical research and a leading educational body for medical school students. We are looking for a highly qualified and experienced cardiologist in the field of interventional cardiology and catheterization including TAVR, LAA occlusion and percutaneous ventricular assist devices. Applicants should be highly experienced in the treatment of patients with chronic heart failure with reduced or preserved left ventricular ejection fraction including exercise training as adjunctive therapy.

As the deputy of the Department of Internal Medicine and Cardiology you will work in close cooperation with the independent section of Invasive Cardiac Electrophysiology which is part of the Department. Furthermore applicants will have to ensure a trustful and reliable cooperation with the Clinic of Cardiac Surgery, the Institute of Cardiac Anesthesiology and the other university facilities. Your tasks also include the representation of the Department of Internal Medicine and Cardiology in clinical care, research and teaching.

We are looking for an individual with extraordinary social and emotional skills and a good qualification for the up-coming management responsibilities. Excellent national and international research focusing on clinical science and patient care is required.

We expect a high willingness to integrate in both existing and planned interdisciplinary clinical and scientific collaborations of the Faculty of Medicine and participation in the evolution of its outstanding profile. We further welcome your engagement in academic teaching including problem-oriented learning, and in academic self-governance.

The employments of professors with medical duties are generally based on a non-tariff contract with basic salary and performance-oriented payment with the Heart Center Dresden which takes part in this appeal process.

Prerequisites according to § 58 SächsHSFG include a university degree in medicine, a doctoral degree and a post-doctoral degree/habilitation or an equivalent qualification record. Board certification for internal medicine and cardiology and teaching experience are required.

The Faculty of Medicine aspires to increase the number of women in research and teaching, and strongly encourages qualified women to apply for this position. We also welcome applications from scientists with disabilities.

Please send your application by **August 31, 2018** to the **Dean of the Faculty of Medicine Carl Gustav Carus, Technische Universität Dresden, Prof. Dr. med. H. Reichmann, Fetscherstraße 74, 01307 Dresden, Germany.** For further details concerning the required application documents see the homepage of the Faculty of Medicine or please contact the dean’s office (Dr. Janetzky, +49 351-458 3356), the equal opportunity officer Dr. Valtink (+49 351-458-6124) or the representative for disabled persons Ms Hillig (+49 351-458-3327).

Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate’s partner.
