

Information for applicants

Attracting international researchers to apply for Marie Skłodowska-Curie Fellowships at TU Dresden

A 3-day workshop on writing a Marie Skłodowska-Curie Individual Fellowship proposal and pursue your career at Technische Universität Dresden (TUD)

Marie Skłodowska-Curie Individual Fellowships

Marie Skłodowska-Curie Individual Fellowships support researchers from any research area and from anywhere in the world by funding a research project at a European host institution for a duration of 1-3 years. The choice of topic is open to all fields of research. The application must be made jointly with TUD and has fixed call deadlines. Further details on the funding programme are given [here](#).

Aims and Rules

The aim of the workshop is to attract suitable candidates to apply together with a Professor or group leader at TUD for a Marie Skłodowska-Curie Individual Fellowship. Potential applicants have to be in possession of a doctoral degree or must have 4 years of research experience. Moreover, researcher must not have resided in Germany for more than 12 months in the last 3 years. The workshop will be held at TUD.

Details on the Workshop (19th – 21st of June 2017)

- Proposal writing clinic (3 days):
 - o Learn basic principles and key aspects of the funding programme
 - o Discuss common pitfalls with researchers, evaluators and successful fellows
 - o Get to know key infrastructures and services at TU Dresden regarding soft skill acquisition, open access services and welcome culture
- Meet your supervisor:
 - o Meet your future supervising researcher and her/his group
 - o Get to know key facilities you need to conduct your research project
 - o Define the basic research objectives and sketch out sections of the proposal

Funding

- Applicants will get a fixed lump sum of up to 750 EUR to pay for accommodation, travel costs and further expenses (depending on actual costs)
- No participation fee will be claimed

Application

- Please send the filled project template (see enclosed) and a short scientific CV (2-3 pages) to epc@tu-dresden.de until **21st of April 2017**
- Applicants will be informed about the evaluation outcome until 05th of May 2017
