Project-related work plan for duration of the scholarship The work plan should consider the overall aim of the respective CRC project. Moreover, describe work packages incl. milestones as well as the estimated working period for each work package. If the provided space is not sufficient to describe your plans, don't hesitate to submit a separate work plan.

Further documents to be submitted by the applicant

- ✓ Tabular curriculum vitae
- ✓ Supporting letter of the supervisor (incl. 3-years perspective thematically and financially)

Your combined applications documents are to be submitted as electronic PDF file to the email address crc1415@tu-dresden.de; keyword "MGK Scholarship". After submission, the MGK-2DMs committee is evaluating the application documents in a timely manner. The funding decision will be passed not later than 4 weeks after submission. Within the frame of a competitive selection procedure, the MGK-2DMs committee make its decision based on the submitted application documents only.
