

APPLY FOR A SCHOLARSHIP!

**COLLABORATIVE RESEARCH CENTRE (CRC) 1415
"CHEMISTRY OF SYNTHETIC TWO-DIMENSIONAL
MATERIALS"**

Have we sparked your interest?

The Integrated Research Training Group 2D Materials (MGK-2DMs) offers scholarships for qualified PhD applicants who wish to begin their doctorate within the next few months on a MGK-relevant research topic and for whom a continuation within the CRC 1415 is planned after the scholarship.

The MGK awards scholarships with an average duration of 3 - 6 months. The scholarship holder will receive a monthly instalment of 1,365 EUR together with 103 EUR for literature.

Future scholarship holders must apply individually to the MGK management with a letter of motivation, curriculum vitae (CV) and planned qualification goals (work plan). Furthermore, the supervisor is required to provide a supporting letter including a 3-years perspective (financially + thematically) .

Interested students send their comprehensive application in English language as PDF document with the keyword "MGK Scholarship" to crc1415@tu-dresden.de.

For further information about the MGK or the advertised scholarships, please contact the MGK project management or the MGK coordinator.

Project Management of MGK
