R(IA)400(B P Chair)/2019- 505
27 February, 2019

Dear Prof. Skrotzki,

It gives me great pleasure in extending to you an invitation to occupy the **Prof. Brahm Prakash Visiting Chair Professorship** in the Department of Materials Engineering at the Institute, for a period of 4 to 6 weeks, during the financial year 2019-20. This Chair was created in honour of Prof. Brahm Prakash, who served as the Chairman of the Department of Materials Engineering at the Institute during the period 1951-1957, and who made major contributions to India's atomic energy and space programmes.

You are requested to present at least three seminars or a short course in a relevant area. I hope that you will accept the invitation and spend time in interacting with the faculty and students of our Institute.

Looking forward to hearing from you.

With best regards,

Yours sincerely,

Prof. Werner Skrotzki
Professor of Metal Physics
Institute of Solid State and Materials Physics
Faculty of Physics, Technische Universität Dresden
01062 Dresden, GERMANY.
