Privacy policy on the request for equality funds

For the allocation of funds for the support of equal opportunities measures from the central fund of the School of Science, the applicant must submit a written application to the Equal Opportunities Officer of the associated Faculty (EEOF). The contact details of the EEOs can be found at <https://tu-dresden.de/mn/der-bereich/chancengleichheit>. The application form (editable pdf file) must include the name, first name, academic degree, TU e-mail address, institute/faculty of the applicant, a description of the measure, the application volume and a declaration of efforts to finance the measure elsewhere. The application form must be sent by e-mail to the EEOF. All applications will be collected and compiled by the Equal Opportunities Officer of the School of Science (EOOS) in overviews which will be submitted to the Group of EEOFs for decision making on the allocation of funds. The EEOF will inform the applicants of this decision. The EOOS controls the process of funds retrieval in the TUD's SAP system in cooperation with the Business Unit Analyst. The EOOS regularly informs the public about the allocation of equal opportunity funds at <https://tu-dresden.de/mn/der-bereich/chancengleichheit/gleichstellungsmittel> without personal data. EEOF and EOOS do not pass on personal data to third parties. After complete completion of the individual procedure, the personal data in the documents of the EEOF and EOOS will be deleted annually and only faculty-related data will be stored.

I hereby confirm that I have read and understood this privacy policy. I agree to the procedure for the collection of personal data in connection with the allocation of equality funds and voluntarily participate in this procedure for the approval of equality funds. I can revoke this consent at any time in writing and informally with effect for the future at the EEOF and EOOS. In this case, I can no longer participate in the procedure. I am aware that I can contact the data protection officer of the TU Dresden (<https://tu-dresden.de/tu-dresden/organisation/gremien-und-beauftragte/beauftragte/datenschutzbeauftragter>) as well as a supervisory authority for data protection at any time. I am aware that I may at any time request information about the data processed on my person as well as the possible recipients of this data to whom it has been transmitted and that I have the right to request a reply within one month of receipt of the request for information.
