

Document Checklist

Master's in Organic and Molecular Electronics

1.	Printed and signed online application form from the TU Dresden or uni assist
2.	Printed Master's in Organic and Molecular Electronics application form (in uni assist referred to as an "aptitude test")
3.	A certified copy of the original and the translation of the first university degree diploma if you do not have your degree certificate yet, we need: - a confirmation of a successful attainment of least 80% of the credit points required for a successful graduation - a written confirmation from your university of your anticipated graduation
4.	Certified copies of any additional certificates and other relevant documents which attest your particular aptitude (i.e. whatever you stated in the application form)
5.	List of all lectures (or modules) that you completed during your first degree studies
6.	Your résumé (CV)
7.	A certified copy of a certificate confirming your adequate language proficiency (e.g. IELTS 7.0, TOEFL 550,...)
8.	Chinese, Mongolian and Vietnamese applicants: original APS certificate from the Academic Evaluation Centre of German Embassy
9.	A copy of your passport or identity card

Do not forget to include a certified English or German translation for all transcripts that are not provided in English or German!
