Topics

1. An update on the work of the DGPS commission on "Incentive System, Abuse of Power, and Scientific Misconduct" 75min

—  Daniel Leising

2. Our OSIP Birthday 15min

An update on the work of the DGPS commission on "Incentive System, Abuse of Power, and Scientific Misconduct"

—  Daniel Leising

Daniel Leising presents key points of the first version of the DGPS report on "Incentive System, Abuse of Power, and Scientific Misconduct" which was sent to all OSIP members in advance.

Feedback can be sent to referentin@dgps.de until Dec. 15.

Our OSIP Birthday

We need to set a day for our birthday celebration in 2023. It was emphasized again that we can celebrate very gladly in the Open Science Lab, maybe with a small program. We could present personal stories of experience with OS to encourage others and to show that we are on a good path and what obstacles we still have to overcome. Denise Dörfel will inquire about possible dates.

The next OSIP meeting will take place on January 18. The link will be sent out via the mailing list about one week before the meeting. All OSIPs are welcome to propose topics.
