

The **Collaborative Research Center (CRC) TRR 265 'Losing and Regaining Control over Drug Intake: From Trajectories to Mechanisms to Interventions'** offers a position as

Research Associate / PhD Student

(Subject to personal qualification employees are remunerated according to salary group E 13 TV-L)

starting **at the next possible date** fixed term until 30.06.2022. The period of employment is governed by Fixed Term Research Contracts Act (Wissenschaftszeitvertragsgesetz-WissZeitVG). The position entails 65 % of the fulltime weekly hours and aims at obtaining further academic qualification.

The CRC aims at investigating trajectories of substance use, studying the underlying cognitive and neural mechanisms, and providing interventions. The position will provide an excellent opportunity to work with some of the leading addiction researches in Germany.

Tasks: The candidate will work in the Project 'Moderators of habitual versus goal-directed decision making in human addiction' and will be responsible for participant recruitment, data acquisition, and data analysis. The project aims at developing and implementing new experimental designs to examine habitual behavior with EEG and fMRI methods. The candidate will work in Dresden in the Chair of Tanja Endrass and will closely collaborate with the group of Florian Schlagenhauf at the Charité Berlin.

Requirements: university degree (diploma or master) in psychology, cognitive neuroscience, or related fields; a strong interest in cognitive and/or clinical neuroscience; background or interest in neuroimaging and/or electrophysiological methods; fluent English and German.

The CRC and TU Dresden provide an excellent scientific environment. The Chair of Addiction Research has access to the Neuroimaging Center (equipped with fMRI, EEG, TMS, eye tracking facilities) and to the TU Dresden high-performance computing clusters.

Questions regarding the project and position as well as applications should be addressed to Prof. Tanja Endrass (tanja.endrass@tu-dresden.de).

Applications from women are particularly welcome. The same applies to people with disabilities. Applications should include a meaningful, 1-page letter regarding motivation and interests, a CV, certificates, and contacts of two potential referees. Please send your application electronically as a single pdf-document to romane.raabe@tu-dresden.de via the TU Dresden SecureMail Portal <https://securemail.tu-dresden.de> or by mail to: **TU Dresden, Fakultät Psychologie, Institut für Klinische Psychologie und Psychotherapie, Professur für Suchtforschung, Frau Prof. Dr. Tanja Endrass, Helmholtzstr. 10, 01069 Dresden**. The deadline for application is **28.10.2019** (stamped arrival date of the university central mail service applies). Please submit copies only, as your application will not be returned to you. Expenses incurred in attending interviews cannot be reimbursed.

Reference to data protection: Your data protection rights, the purpose for which your data will be processed, as well as further information about data protection is available to you on the website: <https://tu-dresden.de/karriere/datenschutzhinweis>
