

Dear students,

We would like to draw your special attention to the application for a Deutschlandstipendium, as we are currently collecting funds for students affected by the war in Ukraine through a fundraising campaign. The donations will be used to make around 20 Deutschlandstipendien possible.

The monthly scholarship of 300 euros is granted for the duration of two semesters and can be extended beyond that. 150 euros are financed by the Federal Ministry of Education and Research and 150 euros by private donors such as companies, foundations, associations, alumni or other private individuals.

Application requirements:

Application period: 1 - 15 July 2022

Grant period: 1 October 2022 - 30 September 2023

Scholarship amount: 300.00 euros/month

All students enrolled at the TU Dresden are eligible to apply. Exchange students, students in the Propädeutikum or students enrolled in a preparatory course (Studienkolleg) can also apply for the Deutschlandstipendium. The Deutschlandstipendium can also be combined with some other scholarship programmes (e.g. DAAD programme STIBET). An overview of this can be found in the FAQs on the Deutschlandstipendium website under "Parallel Funding".

Further information on the application procedure can be found on our website:

https://tu-dresden.de/studium/rund-ums-studium/foerderung-und-finanzierung/deutschlandstipendium/bewerben?set_language=en

We look forward to receiving your application!

Best regards

Team Deutschlandstipendium
