

Data protection and declaration of consent for the registration form for the event "A Roadmap to Sustainable Universities, November 5-6, 2019."

Purpose and data collection authority

The data will be collected, stored and processed for the purpose of registering participants for the event "A Roadmap to Sustainable Universities" on 5 and 6 November 2019.

Responsible for data collection:

Dipl.-Ing. Ulrike Seiler,

Dresden University of Technology, Directorate 4 Property Management, Technology and Security,
Unit 4.4 Central Technical Services, Environmental Protection Group,
01062 Dresden, Germany

ulrike.seiler@tu-dresden.de

Phone: +49 351 463-33059

Data processing

The data collected is used for planning preparations (catering, name badges etc.) and for drawing up an internal list of participants.

Voluntariness and revocation

The personal details provided during registration are voluntary. The consent can be recalled at any time. A registration without information is unfortunately not possible. Any information already sent will be deleted immediately. In this case, participation in the event is not possible if the revocation takes place before the actual date of the event.

Data transfer

There will be no transfer of personal data to third parties. A list of participants will only be compiled for internal purposes and will not be made available to event participants.

Storage period

The collected data will be deleted 6 months after the event, at the latest after accompanying all invoices related to the event.

Publication

The collected data will not be published.

Right to information

I am aware that I may at any time request information on the personal data processed concerning me and the possible recipients of such data to whom it has been communicated, and that I have the right to reply within one month of receipt of the request for information.

Data protection officer and supervisory authority for data protection

I am aware that I can contact the data protection officer of the TU Dresden1 (https://tu-dresden.de/impressum#ck_datenschutz) as well as the responsible supervisory authority (<https://www.saechsdsb.de/impressum-datenschutzerklaerung>) for data protection at any time.
