What to do if you think you may have COVID-19
Quick guide for students

Do you feel unwell and are showing symptoms?
Stay at home! Take a test. Contact your doctor if necessary.

Have you recently been in contact with a person with a proven COVID-19 infection?
Take a test.

Have you received a positive test result with or without contact or symptoms?
(Recommendation: PCR test)

NO

Stay at home until you feel well again. Take another rapid antigen test to be sure (recommendation).

YES

1. Self-isolate / quarantine in accordance with the regulations that apply.

2. Register your infection in the Corona-Warn-App.

3. Inform:
   - Lecturers + List of contacts and courses
   - Contacts

After the isolation period / quarantine

Participation in classes is possible again on site.
