

# Contact Tracing for Participation in On-Site Courses

## Information for Students

According to the Saxon Corona Protection Ordinance, TU Dresden is obliged to record the contact details of all participants in on-site teaching courses. This is carried out using the coronavirus warning app of the RKI (Robert Koch Institute). By using this app, TU Dresden strives to make a significant contribution to the fast and effective tracing of infection.

Before entering the room, please scan the QR code on the notice board with your phone using the coronavirus warning app.

The length of stay is set to 100 minutes by default. However, if you are in the room for a shorter or longer period of time, you can manually check out or adjust the length of attendance at any time.

If you don't own a smartphone or if your smartphone doesn't support the coronavirus warning app, you must submit a completed contact form to the lecturer. You can download the form here.

Detailed information on the coronavirus warning app can be found on the RKI website:  
[https://www.rki.de/DE/Content/InfAZ/N/Neuartiges\\_Coronavirus/WarnApp/Warn\\_App.html](https://www.rki.de/DE/Content/InfAZ/N/Neuartiges_Coronavirus/WarnApp/Warn_App.html)

A short explanation on how to scan the QR code can also be found on the RKI website:  
[https://www.rki.de/DE/Content/InfAZ/N/Neuartiges\\_Coronavirus/WarnApp/Event-Check-In.html](https://www.rki.de/DE/Content/InfAZ/N/Neuartiges_Coronavirus/WarnApp/Event-Check-In.html)

## Data protection information

TU Dresden does not have access to the information regarding your contacts when you register with the app - this stays on your phone. Therefore, TU Dresden deliberately uses the best available form of digital contact tracing with regard to data protection.

If you use the paper contact form, TU Dresden is legally obliged to collect and store your contact data in analog form. The collection is solely for the purpose of tracing chains of infection. Further information on data protection for this alternative form of data collection can be found here.

## Information for lecturers

Please place contact forms in a sealed envelope, include the room number, date, and time on the envelope, and then mail this envelope to your academic affairs office. Only in the case of infection will the academic affairs office be contacted by the Public Health Office with a request to submit the necessary contact information. The academic affairs office will destroy the contact forms after four weeks in accordance with the data protection regulations.

**Erhebung von Kontaktdaten nach der Sächsischen Corona-Schutz-Verordnung**  
**Collection of contact data according to the Saxon Corona Protection**  
**Ordinance**
