

## Programme of the Specialist Group

### International Office

Administrative services for academic exchange on the level of schools, means to increase student outgoing mobility as well as guided tour round student halls.

The specialist group will exchange information, experiences and best practice examples regarding the support services for international researchers, staff and students on the level of schools. Furthermore, it will discuss means to increase student mobility and will give a glimpse on the services offered by the Studentenwerk Dresden including a guided tour round some student halls.

There will be three sessions focusing on the following aspects:
